

Title IX Training Workshop

Title IX has undergone many significant changes, all of which went into effect on August 14, 2020. The changes include a new federal definition of sexual harassment, the creation of a Title IX Team, with each member having separate and distinct roles, an extensive grievance process and mandatory training requirements, to name a few. The session will meet the training requirements established by the new rules and provide the foundational information a district will need to comply with the new requirements.
