DORA DOME: EXPULSIONS AND REHABILITATION PLANS

School districts need to shift from the mindset of “getting rid of the bad kids.” As long as the students continue to reside in your district’s attendance area, they are YOUR kids. This session will examine expulsion rehabilitation plans and readmission procedures and how they can be designed and monitored to rehabilitate instead of exclude. We will provide some scenarios to work through and ask that you come with some of your own.

9:00 am - 12:00 pm

DORA DOME: INTERVENTIONS FOR SUSPENSION AND EXPULSIONS

This session will discuss the science behind why child trauma makes students act out in school. Participants will discuss why a systems approach works for individual students and how trauma-sensitive schools can become an equity-building tool. Participants will also be shown examples of model practices that have resulted in a reduction in the number of disciplinary referrals and increased academic achievement for students of color. Lastly, the session will provide some practical tools for creating Trauma-Sensitive Practices.

February 3, 2022

9:00 am - 12:00 pm

DORA DOME: TITLE IX: 2020 UPDATES

Title IX has undergone many significant changes, all of which went into effect on August 14, 2020. The changes include a new federal definition of sexual harassment, the creation of a Title IX Team each member with separate and district roles, an extensive grievance process and mandatory training requirements, to name a few. The session will meet the training requirements established by the new rules and provide the foundational information a district will need to comply with the new requirements.
